Experience

2018-Present **Fruit and Tie, LLC** **Michigan, USA**

Founder and Software Developer

- Design object-oriented code to create an easily understandable and iterative program
- Learn and use cross platform mobile development API LibGDX in Java to build a game, resulting in a plan to publish to the Google Play Store and Apple App Store in approximately 1-2 months
- Debug and test using Google's and Apple's mobile application developer tools
- Filed relevant documentation to form the LLC and secure its tax status as an S-Corp
- Market with guerilla tactics such as on-campus flyers and word-of-mouth advertising

2018-Present **Seven Mile Coding** **Ann Arbor, MI**

Finance Director and Teacher

- Teach fundamental programming to underprivileged, mostly high-school-aged kids in the Detroit community using classroom games, Scratch by MIT, and Arduino
- Locate grant-giving organizations and assemble applications in order to secure funds for the betterment of the coding program

2018-Present **Code-M Software Consulting Club** **Ann Arbor, MI**

President and Transition Lead

- Restructure Code-M into a software consulting club whose goal is to give students opportunities to work on real-world projects and to give companies opportunities to work with students at a top computer science university
- Recruit board members with quality communication and coding skills for member recruiting, project management, and client acquisition, establishing club legitimacy
- Collaborate with VP of Logistics to secure 501(c)(3) status

2016-2017 **Jason's Personal Tutoring** **Warren, MI**

Sole Proprietor & Operator

- Tutored high school students 1-on-1 in Math, English & Literature, History, and the Sciences, helping students realize objectives of higher exam scores and letter grades
 - Communicated with parents to review expectations and in-school results, as well as provide progress reports, via text message, phone call, and in-person conferencing
-

- ## Skills & Interests
- **Programming Languages:** C++, C, Java, Python, Shell Scripting
 - **Dev Tools:** Windows, Linux, FreeBSD, Visual Studio, Android Studio, Git, Docker
 - Play hockey weekly with fellow business students for the Ross Ice Hockey Club team
 - Hiked several mountains in Glacier National Park in 2017
 - Avid listener of hip-hop, amateur film critic
 - Student of weight-lifting
